

CROWLEY'S RIDGE COLLEGE

Student Center Capital Campaign Surpasses Goal! CRC Receives \$63,000 Mabee Challenge Grant Gift!

Crowley's Ridge College now has a new Student Center that is 100% paid for with zero debt, thanks to so many of our generous friends! With construction 100% complete, including the new stain finish on the floor, all that remains is to move in furnishings before school begins in the fall. We will also purchase several items for the Student Center interior and courtyard.

We had a cookout and devo in May for a church youth group. The rains came in fast, so we moved to the Student Center just in time! We also used the new Student Center in hosting new students at a special CRC event for them in June. What a great place for these activities and everyone seemed very impressed with the new facility!

Student Center construction begins as front addition to Gay Carter Activities Center.

New Student Center has spacious lounge area for students, a large concession area with appliances and very nice restrooms.

Special chapel in Student Center on April 30 dedicating the new facility to the glory of our Heavenly Father.

May 12 ribbon cutting ceremony with Paragould community friends.

President Ken Hoppe thanks friends and supporters during the ribbon cutting ceremony.

As of July 16, Crowley's Ridge College has raised \$355,789.22 for the new Student Center! Raising more than our originally estimated \$320,000 is not surprising given the large interest shown in this new facility by so many. Having this additional revenue also allows CRC to focus on other needed campus improvements such as roads and parking areas.

Gifts from individuals, churches, foundations and businesses blessed Crowley's Ridge College in surpassing the Student Center Capital Campaign goal of \$320,000. **THANK YOU!**
